LAST NEWS FROM THE DOYENNES

Dear friends and members of the Doyennes.

The board of the club Les Doyennes de Panhard & Levassor wish you a
Happy and prosperous year.

In the darkness of 2015, deeply marked with adversity, human passion is a ray of light: we have a responsibility in preserving a precious heritage.

2015 was a year of transition for our club, especially in term of communication. Last summer, you discovered our new web site, thanks to Gilles Vayre who became our new webmaster:

<http://doyennes-panhard-levassor.fr/>

This was a huge job and we can be proud of the result. Now we must make it live and we rely on you.

A section is dedicated to members. The access is now strictly personal, based on your mail address. You received some time ago a mail with details in it. If this was not the case, it may happen that we do not have your correct mail address. It is important that you inform us of that as mail will become the

main communication media in the future and these paper "last news" might be the last in this format (except for those who refuse to consider Internet access...).

The bulletin is also changing. You will soon receive the first "new format" bulletin, thanks to Jean-Hervé Reul. It is also a huge work and we have to thank him warmly. It is nevertheless a team work and we need you. Without article, no bulletin! You may have noticed that you did not receive any bulletin last summer as we did not have enough stuff to put in it...

For the future, we have a lot of ideas in mind. To make them come true we need efforts from any one of the members of the Doyennes de Panhard & Levassor. Who never put hands in the engine? We all have experiences that might be shared. Also we all have somewhere some old documents, photos, press articles (whatever the language)... lets shows them. This will allow us to share a quality bulletin.

Last but not least, for the first time in our history our club will have a stand at RETROMOBILE in Paris.

Again we need you. The show will take place from Wednesday, February 3rd to Sunday, February 7th. We ask everyone who intends to visit the show if he can take some time to represent us on the stand. In a perfect world, we would like to have two to three people continuously. You will find attached a table that you can fill with your availabilities to ensure a continuous presence.

We also need volunteers for the setting up on Monday, February 1st and dismounting on Sunday evening.

THANK YOU IN ADVANCE...

SPARE PARTS:

Our club owns a small stock of mechanical spare parts, exclusively for our members.
